

Chemical Engineering Faculty Resource Groups

In the past each Chem Eng student was assigned to team of faculty for technical advising. We've recently changed this system of undergraduate advising to take better advantage of faculty areas of expertise. Instead of assigning you to a specific faculty advisor, we've organized faculty "resource groups" as shown below. We encourage you to contact these faculty members to learn more about particular subject areas and to get answers to questions you may have.

Biomolecular Option	Nanotechnology	Polymers
Chalmers	Lee	Lee
Yang	Fan	Koelling
Tomasko	Rathman	Cooper
		Tomasko

Environmental Option	Fuel Cells/Energy	Aerosols/Atmospheric Science
Fan	Ozkan	Kusaka
Ozkan	Ho	Wyslouzil
Bakshi	Fan	
Wyslouzil		

Pre-med	Process Control/Design	Industrial Careers & Perspectives
Chalmers	Bakshi	Corn
	Corn	Zakin

Graduate School	Undergraduate Research	Honors Programs
Feinberg	All	Koelling
Yang		
Ho		

Tech Elective Petitions & Graduation Applications	General Issues
Rathman	Tomasko
Tomasko	Rathman
Kusaka
